

NOW AVAILABLE Certified Embedded LTE

Digi 6330-MX LTE Router + Juniper SRX Appliances

Digi® 6330-MX is the perfect cellular companion for Juniper SRX appliances. Its embedded LTE module and high-gain antennas easily outperform USB Cell Modems. Digi 6330-MX includes a temporary battery pack that can be used for a site survey to find your site's strongest cell signal. Each Digi 6330-MX includes rapid mounting accessories to quickly mount and remotely power the router.

Juniper:

The Digi 6330-MX supports all Juniper SRX Appliances

Complements Existing Infrastructure

Enterprise-grade embedded LTE that can't be matched by USB modems

Competitively Priced

Best price for performance. May qualify for preferred rate plans not available for USB
